---

Congratulations! You are officially registered and you've unlocked a special opportunity...

**“Social media made simple! Get the super-easy, super-fast, super-effective strategy to gain thousands of engaged followers who like, comment and share your content from any social media platform in less than 14 days withOUT spending a dime on advertising”**

I think we all know, fair or not, today more than ever a large social media following means business! Simply having lots of fans, followers, subscribers and **connections equals dollars and opportunities!**

Bottom line, a big audience equals a big paycheck!

From YouTube paying you to run ads before your videos, to getting offered opportunities because you have a large number of Facebook fans, to getting paid by Google because your blog has thousands of readers... **the bigger the audience the bigger the payout.**

AND... a large audience is self-growing and goes viral meaning that once you hit a “tipping-point” *your audience starts to grow itself!*

It's kinda awesome!

While I struggled for nearly nine years to get my first 28,000 followers, once I learned a simple social media secret, I gained over 1 Million NEW Followers in the next 18 months. Now I'm contacted by publishers, podcasters, event organizers, celebrities and countless business owners to get PAID to write, speak, be interviewed, partner and do business with incredible companies!

**I get PAID to do what I love!!!**

And you can too.....

and it doesn't have to take nine years.....

in fact, it doesn't even need to take 18 months!

## **Right now, you can discover the secret to building a large, raving fan audience of thousands in less than 30 days!**

And you can **add thousands of additional new followers who listen, watch, and buy, each AND every month!**

PLUS...you'll discover how to multiply your audience across six different media in just a few minutes a day. You get ALL of this in my not-yet-announced "Ultimate Audience Builder" system.

The Ultimate Audience Builder is unlike anything I've ever released as it gives you a literal day-by-day plan to launch your social media following in just 14 days!

And it'll work for any person, **any business** and *in the media of your choice*. This means it works for you if you're a business that's looking for more customers. It works if you're a service provider looking for more clients. It works in B2B to get high-dollar deals. And it works for professional practices looking for more of their ideal patients.

But it doesn't end there.

It also works for you if you're looking to simply grow an audience of tens (or even hundreds of thousands) through Instagram or Facebook.

It works if you're looking to get your message out there through **blogging, podcasting, and YouTube**.

And it also works if you to share your knowledge and expertise and attract thousands of new connections on LinkedIn.

.

# **Bottom line...is it grows your audience anywhere and everywhere you want! In just a few minutes a day! Without complication or spending money!**

AND...since we know that the larger your audience is the bigger the payday is...you'll see how to multiply your results with just a few clicks of a button.

Imagine spending less than an hour a week and gaining thousands of Raving Fans across the largest social media platforms.

Imagine that every 30 days you gain thousands of new followers reading, watching, listening and buying from you!

And imagine that you can be up and running using the step-by-step **Ultimate Audience Builder 14 Day Fast-Start!**

If you're already getting thousands of new Raving Fans EVERY month and are actively growing your audience to tens (or hundreds) of thousands of people, you may not need this program.

Though you'll probably pick up a few tips here that'll boost your already amazing results

But...if you're still in the phase where you'd like to discover how to attract thousands of new people to your audience each week and have them raving about EVERYTHING you do then this is for you!

## **But don't take my word for it...put it to the test!**

As soon as enter your info below you'll get immediate access to:

- The Ultimate Audience Builder 14-Day Fast-Start program to position you as the celebrity of your industry or niche
- The 30-day step-by-step "social media made simple" posting formula with fill-in-the-blank post templates for every social media platform
- 171 pages of examples and slides containing EVERYTHING you need so you can literally start today and be growing your audience tomorrow!

- Simple plan to create a blog in 10 minutes or less that brings you "raving fans"
- And much, much more!

## So now you're probably wondering "How Much Does the Ultimate Audience Builder Cost?"

Well, the truth is while I could charge a bunch of money for this program I'm not going to.

It took me hundreds of hours of research, trial and error and writing two books to discover what I reveal in this step-by-step audience builder, and to save that kind of time and **be up and running in just 14 days** would have been worth tens of thousands of dollars.

I'd happily pay \$500, \$1,000 or more to be told EXACTLY what to do even if it just got me a few thousand new Raving Fans each and every month because I truly understand the power (and profit) that comes with a large audience.

The price for this program is just \$297 and you can get it anytime for that on my website.

But right now, on this page only, when you take fast-action, **I'll send you everything immediately for just \$97. That's 66% off for a savings of \$200!**

### Why am I offering this for such a low cost?

Truth of the matter is, while it's taken me years and hundreds of hours to discover the *14-Day Fast-Start* and the *30-Day Social Media Made Simple* strategies that I'm revealing here, I want everyone serious about harnessing the power of free media, who wants to grow their audience by thousands every month to have access to this program.

I know that when you have success with this program, you'll be a Raving Fan of mine (if you aren't already) and that we'll have the opportunity to work together for years to come!

Plus, at \$97 I still make a few dollars while sharing something I'm super passionate about, so it's really a win-win!

So, if you're ready to **attract tens of thousands (or even hundreds) of thousands** of people to your audience using social media, podcast, WebTV, blogs and more, and add thousands of Raving Fans every single month...

If you know that the larger the audience, the more opportunities and larger the profits...

And if you're ready to get started immediately, while saving \$200, then simply fill out the form below and get ready to grow!!

**Subject: Justin Bieber's House (photos)**

Name,

During our tour of Hollywood and Beverly Hills, our driver took us to see several celebrity homes including Jennifer Lopez, Snoop Dogg, and Marilyn Monroe's previous residence.

The most surprising was Justin Bieber's. He has said repeatedly that he wants his privacy, yet his house is 100% glass with no privacy at all.

And clearly (pun intended), you can easily see inside.

Not so sure his actions match what he's been saying.

Of course, this isn't limited to celebrities.

We too can say one thing and do another.

For instance, do you have a profitable lead generation campaign running right now? Do you want one?

If you want to grow your list and get paid to do it, join me for this free live webcast Monday.

**Subject: You're missing out on leads**

Name,

Heard this one before?

“So, what made you decide to go into business for yourself?”

“It was something my last boss said.”

“Really, what was that?”

“You're fired.”

However you started your business, one thing for sure is, you need leads or you can't grow.

The best way to generate them, of course, is to get paid to do it.

**Subject: A very personal message**

An opportunity like this saved me!

Until midnight tomorrow, you can [get started building your own 12 Minute Social Media Cash Machine for just \\$97 when you click here.](#)

See, there was a time, not that long ago, when I was struggling to make ends meet.

I saw a program offered from stage that I KNEW I wanted, but I couldn't afford.

A few thousand dollars was all that was standing between me and my dreams and it didn't seem fair!

Luckily, they made a one-time-only offer for people in the room. It was a no-interest monthly payment plan and I was in!

I made a leap, made the investment, and devoured the course earning back every penny I invested many times over.

The year was 2012 and it was the year that changed EVERYTHING.

Less than 12 months later, I had reinvented my business, my offerings and was speaking on stages in front of hundreds of people (before this I was doing free lunch and learns to a half dozen people at a time!) selling more in a few hours than I would do in some months.

Anyway, the point is, if I hadn't been given the opportunity to invest, for a very small up-front amount, I couldn't have done it, and while I like to think I'd still have gotten where I am today, I'm not 100% sure I would have.

So until tomorrow at midnight if you are interested in creating your own Social Media Cash Machine, you can get started for just \$97 when you click here.

(I've even found a way to offer interest-free credit through Paypal...see below)

When you click the link above, I've included a recap of what you'll create and how you'll get paid to get buyers in just 12 minutes a day.

I hope if this is something you know will help you, you take this opportunity.

Best,  
Kim
